

## Bethany

Dec. 16, 2020

Dear Residents, Families, and Staff:

We have been informed by a resident that they have tested positive for the COVID-19 virus. The case is located in the Manor 1 portion of the complex. For your information this person has had virtually no significant contact with other Bethany residents and does not visit Bethany activity rooms. The person is in strict self-isolation for the next two weeks. They will not leave their suite. Resident safety is our primary concern; therefore, we are taking a number of steps to further protect you:

1. Enhanced cleaning of strategically applicable areas.
2. Signs notifying the public of the presence of COVID-19 will be placed in building entrances for at least the next 30 days.
3. If permitted, public health officials will notify those who have been in close contact with the COVID-19 individual of the need to self-isolate.
4. Continue to practice social distancing of at least 2 metres or 6 feet.
5. Continue to practice proper hygiene etiquette such as mask wearing, social distancing and hand washing.
6. Activity rooms in the Manor Phase 1 building, including the Fellowship Centre, must be closed effective immediately for a minimum of 30 days.

**In the event that you are required to self-isolate**, we recommend you prepare ahead of time by:

- Reviewing self-isolate guidelines at <https://www.saskatchewan.ca/government/health-care-administration-and-provider-resources/treatment-procedures-and-guidelines/emerging-public-health-issues/2019-novel-coronavirus/self-isolation>
- Ensuring you have 15 days or more of groceries and medications on hand or make delivery arrangements
- If you require oxygen, ensuring you have an adequate supply.

Please be assured that your safety is our primary concern. Thank you for your cooperation during this time.

If you require any assistance, please do not hesitate to contact the office.

Sincerely,

---

Jerry Letkeman, Executive Director
