

PLEASE READ... BETHANY MANOR COVID-19 UPDATE FOR BETHANY RESIDENTS AND FAMILIES - JANUARY 11, 2021

You are receiving this communication because you are a resident of Bethany, or you have provided, and/or a Bethany resident(s) has provided your email address as they have identified you as their family/friend contact person.

CORRECTION:

Please note that the earlier communique today stated information that conflicts with the provincial directives regarding gathering in a home. Our communique stated that our residents could have a maximum of two visitors when the provincial directive, still in effect until reviewed on January 15, states that households should not have any other people entering their home with the exception of a person who is single. That single person may be included in your household provided that the total bubble does not exceed 5 people. Therefore, you may not have visitors in your suite other than the exception stated above. Essential visitors are still permitted (those who are providing a care support or service to a resident that they otherwise cannot do for themselves).

Our apologies for this oversight. We definitely want to submit to provincial directives.
