

PLEASE READ... October 6, 2021, BETHANY MANOR UPDATE REGARDING COVID-19

You are receiving this communication because you are a resident of Bethany, or you have provided, and/or a Bethany resident(s) has provided your email address as they have identified you as their family/friend contact person.

Due to the increased COVID case counts in the province and a number of new recent cases in Bethany Manor, **management has decided to shut down our facility** to visitors and close all activity rooms, related rooms (Exercise, Ping Pong, Billiards, etc.), and the Fellowship Centre. This includes the cancellation of worship services, guest suite bookings, and any services involving outside providers. Residents may no longer use the public washrooms unless urgent need; to ensure safety for staff, Bethany public washrooms are restricted to staff, commercial tenants, and Home Care personnel. Maintenance will only enter suites for emergency purposes.

Currently we have four active cases are in the Manor Phase 2 (Manor 120) building.

In order to permit adequate social distancing, our Dining Room is going back to allowing only the assisted living residents and meal pass holders in Bethany Place. Other meal pass holders will have their meals delivered to their suites. This is beginning with the noon meal on October 7. If you have questions call Jennifer Bulka, Food Services Manager, at 306-380-7920.

The flu shot clinic, scheduled for Thursday, October 7 will still happen. Please strictly follow protocols.

We continue to ask that you exercise caution in your connections and in the honouring of COVID safety protocols including hand hygiene and social distancing. The public health order for mask wearing in indoor public spaces remains in effect for all individuals (please wear masks properly, for example, don't pull your mask down when you're speaking to someone).

If you have any COVID symptoms, please call 811 and stay out of public circulation.

Thanks for your cooperation.

Bethany Management
